Sharing and print guidance

Original and compact files use the same image numbers.

ORIGINAL FILES	Unaltered original JPEGs at their existing resolution, including the original colour profiles and metadata. Use these files for larger print placements and prepress production.
COMPACT FILES	High-quality JPEGs with a maximum of 3,000 pixels on the longest side and an sRGB colour profile. No image has been enlarged. The photo credit and English caption are also included in the XMP metadata of the sharing files.
PRINT DIMENSIONS	Dimensions are shown at 300 ppi, without cropping or upscaling. A tighter crop reduces the available print size. The empty and theatre views of the Landtagssaal are 2,736 × 1,824 pixels, corresponding to approximately 23.2 × 15.4 cm at 300 ppi.
PHOTO CREDIT	© Via Dominorum Grundstückverwertungs GmbH Please include this photo credit when publishing.
